### Using AI to alter images

AI image generator and moderator tools are widely available and often used by children. Whilst these tools can be used for creative purposes, we need to ensure our children are aware of the appropriate way in which to use them and the circumstances when they should not be used, even if harm is not intended.

**What are AI image generator and moderator tools?**  
It is when Artificial Intelligence is used to create or modify images, for example it could be used to swap faces, change expressions or for more sinister reasons, such as to remove clothes. These images are often very realistic and therefore difficult to see that they are fake.

**Privacy concerns and consent**  
If your child is using these tools, they need to be aware of potential loss of privacy and the importance of consent. They should know that they should only use images of other people with consent.

**What does my child need to know about using these tools?**

- Children shouldn't use AI tools to manipulate images of school staff. Even if the child's intention is not malicious, children should not use AI tools to create or edit photos of teachers under any circumstances.
- Manipulation of images of friends or other children – if you are using images of other people, their consent must always be sought.
- The tools should not be used to create images that can embarrass or hurt others - this is a form of online bullying.
- Copyright issues – who owns the copyright? These images could be reused by others, which can affect their own digital footprint.

**What should I do?**

- Chat to your child if they are using these tools and ascertain the reason why. Ask them to show you the images that they have created.
- Check the age ratings of any apps/websites that your child is using and set up appropriate parental controls.
- Develop your child's digital literacy by teaching them to recognise online risks and to behave responsibly online.

## TikTok

**You must be over 13 years of age to use TikTok.** TikTok is a social media platform for sharing and watching short video clips. If your child is using TikTok then make sure appropriate security / privacy settings are applied.

**Account set up**  
It is important that your child enters their real date of birth as accounts are tailored by age e.g. Direct Messaging is disabled for accounts aged 13-15. In addition, advertisements are tailored by age. By default, accounts for people under 16 are set to private. You can read more about the other settings available, such as switching off comments and restricted mode here: <https://support.tiktok.com/en/account-and-privacy/account-privacy-settings/privacy-and-safety-settings-for-users-under-age-16>

**Family Pairing**  
Family Pairing allows you to link your own account to your child's account. You can then set controls such as restricted mode or tailor your child's 'For You' feed by selecting keywords that TikTok will use to filter out posts. You can find out more here: <https://support.tiktok.com/en/safety-hor/account-and-user-safety/family-pairing>

**What do I need to be aware of?**

- Inappropriate content and themes:** whilst against guidelines, explicit and inappropriate content can be found on this platform, for example nudity/sexual content and hate speech. Some of the songs available to lip sync to may contain inappropriate lyrics/themes.
- Challenges:** We often see viral challenges on social media, some of which can be **risky/dangerous**. Sadly, there are reports that children have died whilst attempting online challenges. Children may not yet have developed the skills and ability to critically analyse what they see online is not always safe for them to replicate.
- Stranger contact:** chat to your child about how people may not be who they say they are when online.

**Refresh your feed**  
You can refresh your "For You" feed to update the content recommended: <https://support.tiktok.com/en/account-and-privacy/account-privacy-settings/refresh-your-for-you-feed>

**Blocking and Reporting**  
Show your child how to use the safety features available.

## Achievements

Huge congratulations to two of our pupils at PJS who represented the school in the County cross country championships at Abington Park on Saturday 17th January. Both children put in extraordinary performances and we are very proud of them. They qualified due to excellent finishes in the local East Northants races. Well done to both children particularly as it was most wet and muddy!

We are absolutely delighted with the stunning results of these art displays. Mrs Whiting and her art club worked with our artist in residence, Lynda Grant, to produce these child led displays, all inspired by the children's creative ideas. We are so grateful to Lynda for all her expertise and support, giving all her time so freely. Well done all!

Our Year 5 drama group had a great day with Silhouette Theatre Company choreographing a dance for their part in the production of Midsummer Night's Dream. They've made an amazing start to their dance.

## Picture News

Each week the children discuss the latest topical areas that are in the news.

Here is this week's debate.

## Park Junior School Lottery

### Park Junior School Lottery

Friends of Park Junior School have been running a school lottery for the last six years and any profits have allowed them to fund additional items for the children. Many thanks to all the parents and carers who have continued to support the school and if you are interested in joining please go to [www.yourschoollottery.co.uk](http://www.yourschoollottery.co.uk)<sup>2</sup> to register and play. Ticket sales are averaging 35 a week. We would very much like to improve this. More tickets sold means more profits to the school. The draw takes place on Saturdays. All of our profit goes to OUR school! A GUARANTEED prize to someone on our supporter list every week!

Start supporting *NOW* for only £1 a week!

A further chance of winning £25,000 in a separate draw every week.
