Headteacher's Latest News

Welcome back to PJS for our final—and favourite—half term of the year. The sunshine has arrived just in time for our busy schedule over the coming weeks, and we're very much looking forward to everything planned.

Keeping Children Safe in the Sun

As the weather continues to be warm, please ensure your child brings a hat to school each day. We teach the children how to stay safe in the sun, and wearing a hat is an important part of this. A **good-sized water bottle** is also essential, as the children drink regularly throughout the day and we strongly encourage this.

Walking Home Safely

Your child's safety remains our highest priority. Please make sure they are clear about their arrangements for walking home and understand how to keep themselves safe in our community. With the lighter evenings, we ask that you remain aware of where your child is and that they are making safe choices.

Wonderful News

Some parents have noticed that our Site Supervisor has not been on the gate this week. We are delighted to share that this is because he welcomed his second child on Tuesday. **Olivia Victoria** arrived safely and is doing very well. Congratulations to Mr Bing and his family—and

to Miss Townson, who becomes a Nana for the fourth time. We look forward to welcoming Olivia into our school community.

A Special Trip to the National Gallery

Yesterday, four of our children visited the National Gallery in London to help formally open a display featuring artwork created by our Year 5 pupils. **Sara, Om, Aldiniah and Rebecca** represented the school beautifully, and we are incredibly proud of all the Year 5 children whose work is showcased. Photos are available on our Facebook page.

Clubs

All clubs from last half term continue as normal. If your child is unable to attend, please let us know, as some clubs currently have waiting lists.

Multi-Faith Visit

On Tuesday, we welcomed Wellingborough's Multi Faith Team, who spoke to the children about Christianity, Hinduism, Islam, Buddhism, Judaism and the Bahai faith. The children were fascinated to learn how different religions worship.

Cake Stall Fundraiser

Thank you to everyone who supported today's Cake Stall. Yusuf in Year 5 is raising money for Cancer Research UK, and his family kindly helped run the stall. The cakes were fantastic, and your generous donations are greatly appreciated.

Year 3 Performance

Year 3 will be performing their version of *The Magic Flute* on **Monday 8th June at 2.30pm**. They have been working with the Royal Opera and Ballet, and parents are warmly invited to attend. The performance will last around 30 minutes.

Sports Days

- **Monday 22nd June** – Years 5 & 6 (1.30pm–3.00pm)
- **Wednesday 24th June** – Years 3 & 4 (1.30pm–3.00pm)

Everyone is welcome to join us for these popular events.

We look forward to seeing many of you over the next few weeks as we approach the end of term. Thank you, as always, for your continued support.

Kind regards,

David Tebbutt

Pinterest

You need to be at least 13 years old to use Pinterest.

Pinterest is a social media app, where users can share images and videos (called Pins). Users can browse through the images based on their stated interests. For example cooking. Users can then 'pin' (save) these images to their own boards to revisit.

There is content on Pinterest that is not suitable for young people to see. Also, did you know that there is a messaging element to it, so your child could be interacting with strangers? Therefore, if your child is using Pinterest, it is important to show your child how to use the blocking and reporting tools. You can find out more information, including how to set up parental controls here: <https://help.pinterest.com/en/article/resources-for-parents-and-caregivers-of-teens>

Online Scams

It is important to be aware that scammers can target your child whilst online through social media, messaging apps and games. These scams often look genuine, and children may not have the digital literacy skills to question their authenticity. This can happen across lots of platforms that your child is accessing, for example Roblox or TikTok. Scams can include:

- Offering in game currency.
- Befriending your child, which can then lead to requests for money or account details/personal information.
- Phishing links, with the intention of sharing malware or requesting account details/personal information.

What can I do?

It is important to have regular conversations with your child about what they are doing online and remind them to:

- Never share passwords or verification codes.
- Speak to you or another trusted adult if they are unsure about anything.
- Ensure appropriate parental controls and privacy settings are in place.
- Talk to your child about the different scams that can appear online and remind your child to check links before clicking on them.
- Remind your child that if they do think that they have been scammed, then to tell you straightaway.

Digital Footprints

When we go online, we create a digital footprint, which is a record of what we do online. This can be by visiting websites, sharing photos, liking or commenting on other people's posts or playing games. It is important that children are aware of the digital footprint that they are creating and the lasting effect it can have. Childline provides further information about digital footprints, including advice on how to protect our privacy online:

<https://www.childline.org.uk/info-advice/bullying-abuse-safety/online-mobile-safety/taking-care-your-digital-footprint/>

Risks of Auto saving

Does your child use the likes of WhatsApp, which may automatically download any image/video that is sent to them to their phone's own camera roll? We would advise switching this feature off.

Children may receive lots of photos/videos, particularly within group chats, that they have not requested. If auto download is allowed, then your child does not have control over what is being saved to their camera roll. Potentially, it may also be content that you would not want your child to have saved. Additionally, from a safeguarding perspective, if everything is automatically downloaded to your child's camera roll, it can become difficult to ascertain the source of the image.

How can I disable this feature?

If your child is using a platform that allows this, then there is usually an option to disable this feature, so your child has control over the images saved to their device. The option to disable will be within the settings of the App, here is how to do this on WhatsApp:

- In WhatsApp, go to settings (click on 'You' in the bottom right).
- Click on 'Chats'.
- Toggle 'Save to Photos' to off.

Storybooks and games from the BookTrust

BookTrust have a whole host of storybooks and games on their website. They have storybooks to read, story time videos to watch and kid's games to play.

<https://www.booktrust.org.uk/how-we-help/have-fun-at-home/storybooks-and-games/>

Emoji Meanings

Did you know that some children and young people may be using emojis to mean something completely different? For example, a cap emoji may be used to represent a lie. It is important that you are aware of how emojis can be used and keep up to date with the way in which they can be used as their meanings are changeable. You can find out further information here: <https://www.bark.us/blog/emoji-slang-guide/>

"Retro – Photos with Friends" App

This is a photo sharing app, and it is rated as 13+ by the App store. The aim of the app is users share their photos with close friends only, like a photo journal. Whilst it is marketed as a safer alternative to other social media apps, you do need to be aware of the following:

- Privacy and data access.
- It does include group chats so there is still the potential for cyberbullying and peer pressure.
- Users may feel safer sharing images as it is with close friends, but content can still be shared with others (through screenshots).

If your child is using this app, make sure you check that privacy settings are set up appropriately.

Users of this guide do so at their own discretion. No liability is accepted for any damage or loss of data, or any other loss, arising from any use of this guide, or any other loss, arising from any use of this guide, or any other loss, arising from any use of this guide.

Omoggle

Omoggle is an online platform that is for adults only. However, you can simply lie and say you are over 18 to access it. The platform joins two strangers together and uses AI to rate their appearances in a "mog battle."

As you are paired up with a stranger and can see and hear them, there are serious safeguarding concerns and **young people should not be accessing this site.** Find out more here: <https://www.waydenner.com/omoggle-parent-guide/>

Letters from Picture News

Hello!

How are you? Haven't that half term just flown! Summer 1 has been full of very exciting live assemblies and updates from our HQ. This newsletter looks back on some thought-provoking news stories, reflects on Katie and Rob's 10-in-10 challenge, and includes support for Early Years teachers. So let's get started!

News Recap

Let's reflect on some of this half term's news focuses...

<p>What makes a great place to live? 13th April 2026</p> <p>With a new town being developed in East London, this news led to discussions around what a town should have, what the children like about their local areas, and the importance of living alongside each other well.</p>	<p>Is it ever too late to try something new? 20th April 2026</p> <p>News about 80-year-old Ellen Mason taking part in the London Marathon was the focus for the resource. Having only started running in her 70s, Ellen's challenge inspired discussions around trying something new, challenging ourselves and supporting one another to achieve our goals.</p>
<p>What is the best way to support people who need extra help? 27th April 2026</p> <p>The resource focused on new AI-supported glasses, which help people with dementia. This got children thinking about how technology can help us and how we might see AI in our lives, whilst reflecting on how we can be there to care for others.</p>	<p>Why do some people become so important to the world? 4th May 2026</p> <p>In honour of Sir David Attenborough's 100th birthday, this resource explored his legacy and impact on the natural world. Children also thought about other people who have inspired us to care for the environment and reflected on how one person's voice can make a big difference.</p>

Picture News turns 10... how did Katie and Rob celebrate?

Summer 2026 is our 10th birthday, and to mark the milestone, Picture News co-founders, Katie and Rob Harrison, took on a challenge to remember!

Supporting the Brothay Trust, Katie and Rob ran 10 marathons in 10 days around Lake Windermere, passing supporters and children cheering at Hawkshead Primary each day.

Thank you so much to our schools for your support for Katie and Rob during their challenge - it was such a great source of motivation for them!

Did your pupils create their own 10-in-10 challenge? Whether it's learning a new language or trying a new sport, we'd love to see! Tag us on social media or email your 10-in-10s to hello@picture-news.co.uk

Sir David Attenborough's 100th Birthday - Live Celebration!

On 8th May, it was the 100th birthday of national treasure, Sir David Attenborough! And what better way to celebrate than with our biggest ever online birthday party, which saw over 7,000 schools join!

With special guest naturalist and explorer, Steve Backshall, we looked back at Sir David's life, his legacy, and the importance of protecting the natural world. Steve told us about his adventures and what Sir David means to him.

If you joined, thank you for helping us create this historic assembly to celebrate Sir David. He is so special to many of us!

The BIG School Live Workout with Joe Wicks!

And if the Attenborough assembly wasn't enough... schools also got to join the BIG School Workout! Live with the nation's PE teacher, Joe Wicks!

Broadcast from a primary school in Surrey, Joe Wicks and Picture News founder Katie Harrison led the PE session for children (and their teachers!).

Coinciding with Mental Health Week, and the end of SATs, we focused on why we should include exercise in our routines, and thought about the importance of wellbeing and how exercise can support our mental health.

Boosting speaking and listening in the Early Years

If your summer term now (already!) and your Early Years children need extra support with developing confidence to speak in front of a group or build new vocabulary, you may find our Picture News in the Early Years resources handy.

The resources explore the same story as Picture News Primary each week, but with an EY focus on speaking and listening, and helping children link what's happening in the world with their own lives and experiences.

It is wonderful to welcome Wellingborough's Multi Faith Team to our school this week to speak to our Year 5 children. They represented 5 religions from the world including Hinduism, Islam, Christianity, Judaism and Bahai. We are very grateful to the whole team for their support in our community

Year 6 have just started their new street art project looking at the difference between street art and graffiti and have had a chance to create their own pieces.

Each week the children discuss the latest topical areas that are in the news.

Here is this week's debate.

Park Junior School Lottery

Park Junior School Lottery

Friends of Park Junior School have been running a school lottery for the last six years and any profits have allowed them to fund additional items for the children. Many thanks to all the parents and carers who have continued to support the school and if you are interested in joining please go to www.yourschoollottery.co.uk¹ to register and play. Ticket sales are averaging 35 a week. We would very much like to improve this. More tickets sold means more profits to the school. The draw takes place on Saturdays. All of our profit goes to OUR school! A GUARANTEED prize to someone on our supporter list every week!

Start supporting *NOW* for only £1 a week!

A further chance of winning £25,000 in a separate draw every week.
