Firstly a huge thank you to you all for all your support with the extreme temperatures this week. The staff have worked incredibly hard to ensure temperatures remained bearable in the school. The children showed amazing resilience and responsibility. I hugely appreciate your understanding and are very proud that we have remained fully open all week - it is a huge team effort to achieve that.

Sports Day Round-Up

- **Year 5/6 Success:** A huge thank you to everyone who attended on Monday! The children showed outstanding sportsmanship, teamwork, and commitment. Well done to the winning teams who photos have been put onto Facebook.
- **Year 3/4 Rescheduled Date:** Due to the recent weather, the Year 3/4 Sports Day has been moved to **Friday 3rd July from 1:30 PM – 3:00 PM**. If it is as successful as the Year 5/6 Sports day, it will be a tremendous occasion. Everyone is welcome to attend!

Beating the Heat

Thank you for your support during this week's high temperatures. By following guidance from the North Northants Council and our Trust, and ensuring children arrived with **PE kits, hats, and suncream**, we successfully and safely stayed fully open all week.

Transition & Moving Up

We are working closely with local infant and secondary schools to ensure smooth transitions for September 2026.

- **Transition Day:** On **Tuesday 7th July**, children will spend the day getting to know their new classrooms and teachers for the upcoming school year.

Pupil Achievements & Activities

- **Coding Success:** Well done to our Digital Leaders, who received certificates for judging a national coding competition! Check out the photo on our Facebook page.
- **Year 4 Art Visit:** Year 4 is heading to **The National Gallery next Wednesday** to see famous masterpieces, as well as artwork created by our very own Year 5 pupils.

- **Summer Reading Challenge:** Wellingborough Library will visit us this Monday to launch the annual challenge. Look out for information coming home with your child soon.
- **Performance Poetry:** The whole school has been working on a poetry project. On Monday, we will hold an assembly to select our school winner, who will go on to represent us in the NPAT competition. Good luck to all!

Important Reminders

- **After-School Clubs:** All extra-curricular clubs (**except basketball**) will officially finish for the term on **Friday 3rd July**. We extend a massive thank you to our teachers for volunteering their time to run these for free!

Have a wonderful, relaxing weekend, and hopefully we will see the temperatures drop a little over the next few days!

Kind Regards

David Tebbutt

The government has announced that social media platforms will be blocked from offering services to under-16s from next Spring. The ban will include platforms like Snapchat, TikTok, YouTube, Instagram, Facebook and X.

Furthermore, there will also be blocks on live streaming and communication with strangers (these restrictions will also apply to 16 and 17-year-olds) and the government will also be looking at overnight curfews and breaks in infinite scrolling.

WhatsApp

We frequently receive reports of children using WhatsApp inappropriately, such as sharing images to embarrass others, sending hurtful messages, spreading rumours, or excluding people from group chats to make them feel left out. It is important to think about whether WhatsApp is the right platform for your child. For example, you should consider if your child has the critical thinking skills to recognise bullying and can they manage peer pressure and refrain from joining in on hurtful behaviour?

Users should be at least 13 years old to use WhatsApp. WhatsApp have announced that they are rolling out the option of Parent-Managed accounts for those under the age of 13. The settings will include allowing you to choose who can contact your child and ensuring only you can add them to groups. Find out more here: <https://faq.whatsapp.com/894871699629864>

What should I be aware of if my child is using WhatsApp?

- Group chats: Everyone within a group, even if they are not one of your child's contacts, can see all messages within that group.
- Inappropriate content: users can be exposed to content that is not suitable for their age.
- Location sharing: talk to your child about the potential danger of sharing their location.
- Chat lock/secret code: users can lock chats as well as apply a secret code setting, so a chat does not appear in the main chat.
- Screen time due to addictive nature
- AI: WhatsApp includes Meta AI including Incognito Chat with Meta AI so nobody (including Meta) can read your conversations.

What can I do?

- Check privacy settings e.g. who can add them to groups.
- Ensure your child understands that they can leave a chat at any time. Find out more here: <https://faq.whatsapp.com/424124173736394>
- Show your child how to block and report other users. Find out how here: <https://faq.whatsapp.com/11424917663559885/>
- Set up appropriate parental controls.
- Talk about who they are chatting with, encourage them to think carefully about the messages they send and how they might be received.
- Chat to your child about the groups that they belong to.

Livestreaming

What is livestreaming?

Livestreaming is when an individual broadcasts video live over the internet. People can watch livestreams from any device that is connected to the internet.

What are the risks?

There are risks associated with watching livestreams that you should be aware of. The main risk being that your child may see or hear something inappropriate as your child may come across themes or content that is not suitable for them. It is difficult to moderate live content as it is happening in real time.

How can I help my child?

- All online platforms have an age rating, ensure your child only accesses platforms that are appropriate to their age. For example, TikTok has an age rating of 13.
- For any platforms that your child uses, ensure appropriate parental controls and privacy settings are applied.
- Take an interest in what your child is doing online and on a regular basis, ask your child to show you what they are accessing.
- Ensure your child knows how to use any reporting/blocking tools on the app that they are using and as always please ensure that your child knows to talk to a trusted adult if they see anything that concerns them online.
